Please note The panels are reasonable attempts to show the finished product. Colours may vary with the chosen glass substrate. All Oriel designs are non directional excluding Burdoc (portrait) and Saturn (Landscape). All Oriel designs are shown in a portrait format in the website images except Linear (landscape). Linear is manufactured in landscape format but can be used in either direction. If the lines are required to run in a vertical direction (portrait) the height is restricted to 2140 mm.
